Great Basin Incident Commander Conference Call Agenda 2017	
	
Date: Sunday, July 09, 2017	Note taker: Gina Bald
GB MAC/GACC Coordinator: Agenda/Incident Commander Discussion Points: <u>Summarize the following in 4 min or less:</u> <ul style="list-style-type: none"> • Fire Size / % contained / # of people / Cost to date • Significant changes since the last 209 • BRIEF fire synopsis /Critical Incident Information (use Directional vs DIVS's) • Political Issues / Community Meetings • Closures / Evacuations / Public Safety Issues • Major Safety Concerns / Injuries / Accidents • Critical Resource Needs • Resources Available to Reassign/Share/Demob 	
Predictive Services: Basil	<p>...HIGH RISK for Scattered Monsoonal Thunderstorms thru Sunday...</p> <p>...Gusty Winds and Low RH Western Nevada Sun-Mon...</p> <p>Monsoon moisture has entered the Great Basin producing isolated to scattered thunderstorms which will continue and increase in areal coverage today. Storms will be a mix of wet and dry and be faster moving on the western side of the ridge across Nevada and Idaho. Deeper moisture will work its way into Utah through early next week with better chances of more widespread wetter storms.</p> <p><i>High Risk</i> has been issued for Sunday but limited to Northeast Nevada and Northwest Utah as storms further south and east will likely transition to wet.</p> <p>Drier air will move into Western and Northern Nevada into Southwest Idaho Sunday, and push into central Nevada by mid-week. Drier air may eventually work its way east into Western Utah later next week. Therefore, the deeper moisture in the Great Basin may only last for a prolonged period over Southern and Eastern Utah.</p>
GBCC Update: Gina Dingman	<ul style="list-style-type: none"> • PL4 • GBCC is number 1 Nationally • Heavy IA • 55 New fires for 20593 acres • Large Fire Growth: 2018 acres • Teams: 1 T1 Lund; 0 T2 ; 0 T3 Teams • Aircraft: 7 AT; 2 Scoopers at Tahoe; 24 SEATs, 1 Fire Boss; 1 LP; 2 TY1 Helo; 1 TY2 Helo; 0 Ty3 Helo • 12 Smokejumpers • Crews: Big movement yesterday. 3 TY2 IA

Appendix 7

1 Fire: Draw IC: T3 Billy Britt T2 Taiga Rohrer John Palma	15000 / 0% / 143 / \$15,000 <ul style="list-style-type: none"> • Fire is 50 Miles East of Fallon, NV • Securing Highway 50 • High Winds, Red Flag Warning for Monday • In-briefing today 1500 • Critical Needs: 2 dozers and pre order
2 Fire: Barrett Springs IC: T4 McMaster	3000 / 50% / 13 / \$50,000 <ul style="list-style-type: none"> • West of Winnemucca in sand country • Working on Transfer to Type 4 • Fire laid down last night, dozers are continued to work through the night. Dozer line almost complete. • Critical Needs: air support, dozers. Less need on crews
